

Width = 8mm

Side Width at bottom = 41mm

Diameter of Pin = 18mm

Diameter of head of pin = 32mm

Length of pin = 72mm

Lock hole size in pin = 8mm

Neoprene Locks 70mm Code QR-WPL 112mm x 69mm x 40mm with 70mm slot that has width of 8mm

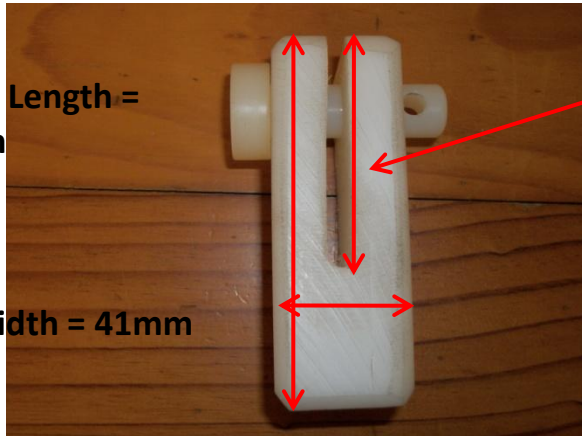

Price Break for supply is:

- Quantity of 1-9 = \$116.86 each + GST
- Quantity of 10-19 = \$107.33 each + GST
- Quantity of 20+ = \$ 93.63 each + GST

Acetal Plastics: Plastic polymers of formaldehyde, correctly called polyoxymethylenes (POM), acetals are about the strongest and stiffest thermoplastics; acetals also are characterized by excellent fatigue life and dimensional stability. Other outstanding properties include low friction coefficients, exceptional solvent resistance, and high heat resistance for extended use.

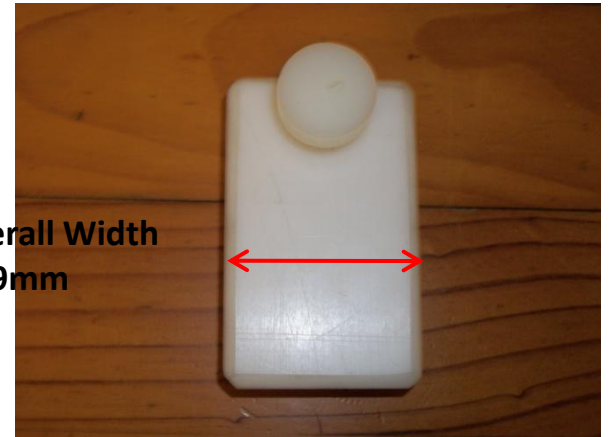

Overall Length = 112mm

Side Width = 41mm

Overall Length of internal slot will be 70mm.

Overall Width = 69mm
